On Tuesday night, August 2, Keene Haffington and H. J. Ray, Jr. will be in charge of the election results to be marked up on a 9X25 ft. board in the City Square. A loud speaker will be installed, and there will be seats.

Anyone interested in sponsoring this event may contact Keene Haffington or Henry Ray Jr.

We received a welcome letter this week from our old and dear friend, Alma Graham Conner, widow of the late Gov. Mike Conner, who told us this interesting fact: that Robert E. (Bob) Graham of Covington County, candidate for State Land Commissioner is her brother. That puts us with Mr. Graham's supporters. He states on his card "If elected, upon request, I will furnish any land owner a plat of his or her property with out cost."

Last Friday we enjoyed a visit in the GCW office from Lawrence Trio of Washington, D. C. Lawrence is with the Clancy limousine service, entrusted with transporting visiting dignitaries in Washington. He can tell of many interesting persons entrusted to his care for safe transportation, and seems to know Washington personalities just as you or I know Grenadians.

Another interesting visitor was Mrs. Dave Henderson, nee Mary Elizabeth Horton (Hurd and Lizzie's daughter) who with her husband, Col. Henderson has just returned from Germany where they spent 2 years.

Mrs. Elsie McCaula, driving a 48 Plymouth struck the car owned and driven by Mrs. Tressie Herrington of Marion County Thursday morning in front of Trusty's. Both cars were damaged, no one hurt.

We have been advised that the \$3,375.00, charged the McQuay people for handling of Industrial Bonds, was unlawful and Byron Hunter, Chancery Clerk, has agreed to make restitution.

We were also informed that the Board erroneously authorized the payment of the fee based on a section of the law which was repealed in 1954.

June, 1955 term of Board of Supervisors, Grenada County

Ben G. Sanders, a member of this Board, having voted "No" at a previous session of the Board, on the matter of the allowance of the fee to the Chancery Clerk in the amount of one-half of one per cent of the proceeds of the Industrial Bond Issue for District One, and said Supervisor having requested that his vote in this matter be shown of record; it is hereby ordered that, the vote of said Supervisor be herewith so shown in the minutes of this Board.

Coleman is our choice for governor, and if you will stop and think, why shouldn't he be.

Small dogs, tall dogs, gay dogs and sad ones have leading roles in Walt Disney's first feature-length cartoon in Cinemascope, "Lady and the Tramp" opening Wednesday at the Grenada Theatre.

In addition to Lady, the film is peopled - or dogged - with a chihuahua, a Russian wolfhound, a Scotch terrier, a bloodhound, a Pekingese, an English bull and a dachshund. Other animals who figure in the feature are a beaver, a hyena, a crocodile, Siamese cats and a few two-legged creatures called "people."

Five songs have been, especially composed for the picture by singer Peggy Lee and Sonny Burke. The musical score is by Oliver Wallace. Film is released by Buena Vista in color by Technicolor.

Fielding Wright Tells What  
"He Will Do"

Former Governor Fielding Wright, bored down in his race for governor this week, carrying his message on segregation and economy into every section of the state and asking the support of "all the people who want to be sure our way of life is preserved for our future generations."

Since a petition was filed in Vicksburg last week by 140 Negro parents asking for an immediate end to segregation in the public schools the former governor has intensified his efforts, saying, "I will fight until the battle is won."

He declared in speeches last week that the filing of the petitions proved his warning "that the segregation battle is on us now and we will need the best and most seasoned leadership available to lead the fight."

Wright will close his campaign on Monday, August 1, 1955, with speeches at Raleigh at 11:00 A. M. and with a state-wide radio address and rally in Jackson from 9:30 to 10:30 p. m. This address also will be carried over television stations WJTV and WLBT in Jackson and WTOK in Meridian.

He branded what he called "delaying tactics" advocated by his opponents as "telling us into a false sense of security."

"The way to win this battle is by attacking it head-on, not by a rear guard action as they propose. A delaying action never won a battle. We have this problem with us now and the sooner we take action to solve it the better off we will be."

Wright scoffed at criticism of his recommendation of using police power of the legislature to continue segregation.

"I am the only candidate who has offered a plan for meeting the segregation problem. The others only say that they will guarantee they will preserve segregation and don't say how they will do it. That is a mighty rash and hasty promise for a person without a plan."

The former chief executive said in speeches over the state that he would have the LEAC Committee take testimony to determine if mixing the races in the schools would endanger the safety and welfare of the people.

He said if testimony of the people did indicate that the safety of the people would be endangered the state legislature would have the constitutional right to pass laws continuing segregation.

"The court has upheld the use of police power in every case where it was reasonably used and if a majority of the people should swear under oath that integration would present a danger the court would have to say the use of police power in this case is reasonable."

Wright said if the court did declare the use of police power unconstitutional he would order school officials not to obey the decision and "I alone would be in contempt."

"They may take me out of the capital at the point of a bayonet, but I will never yield to segregation in the schools because these northern radicals will not stop here, they are pressing for full integration."

## GRENADA COUNTY "FARM OF THE WEEK"

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it. While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family. If you need other photographs of the above, either the size shown, or larger or of postal cards, the GCW can, and will arrange for them. A reasonable charge, of course, will be made for these reproductions. Let us show you samples.

To Speak To Agriculture  
Group Here

Mr. John R. Bickers of Doane Agricultural Service, Inc. will speak to the Agricultural Committee of the Grenada Chamber of Commerce on Monday, August 1st at 7:45 p. m.

The subject of his talk will be "Outlook for Livestock and Feed Grains, 1955-56", emphasizing that the record grain output in 1954 points to plentiful and low-cost livestock feed this winter. Programs to make maximum use of both home grown and purchased grains should now be planned.

Mr. Bickers is Southern Editor of the Doane Agricultural Digest, a bi-monthly business letter and farm service report for farmers. He is a member of the Economic Division of Doane and is located at their regional office in Memphis, Tennessee. He contributes regularly to national farm magazines. He engaged in research and consultation for southern clients.

Mr. Bickers received a B. S. degree in Agriculture from the University of Tennessee, then attended Clemson Agricultural College where he served as research assistant in economics and received his M. S. Degree. He served in the U. S. Navy during World War II.

The Doane Agricultural Service, Inc., St. Louis, Mo., with which Mr. Bickers is associated, is the oldest and largest organization in the United States engaged in farm management, rural appraising and agricultural research. Farms, ranches and plantations are managed, farm management programs prepared and appraisals made regularly in approximately 14 of the states.

## Mr. Page Loses Father

Eight Grenadans  
Attend VFW Meet

The Council of Administration, chief governing body of the Department of Mississippi Veterans of Foreign Wars met at the Hotel Heidelberg in Jackson last Sunday at 10 p. m. according to Normie Carver, Post Adjutant-Quartermaster of the local VFW Post. The Ladies Auxiliary met for a similar session.

Approximately 200 officers and members from all over the state heard an address by Merion B. Tice of Mitchell, S. D., Commander-in-Chief of the Veterans of Foreign Wars of the United States—an organization comprised of overseas war veterans.

Those attending the Council included: J. W. Willis, Jr., Post Commander; Mr. J. W. Willis, Jr., Post Adj. Aux. Color Bearer; S. W. Russell, Jr., Post V. C.; Vice Commander; and Mrs. S. W. Russell, Post Adj. Aux. Chief of Staff.

Mr. Tice spoke about world conditions and the ever menacing threat of Communism and how organizations, such as the VFW, were combating the Reds at home and abroad.

The National Commander paid tribute to the Department of Mississippi for leading the nation in membership increase for the past year and as a reward was placing the delegates from this State in the lead of the National Encampment Parade in Boston on Aug. 30th.

Mr. Tice also spoke about the VFW National Home at Con't on back page - this section

IMPROVING WOODLAND. GAIN  
INTEREST IN COUNTY

(By Jim Cann, Proj. Forester) Progressive farmers and landowners in Grenada County realizing the need for timber stand improvement and the increased value resulting from this treatment are actively engaged in this practice.

Within the past few months over 600 acres of cull and low value hardwood have been graded and poisoned to release the fast growing valuable pine and better hardwoods.

Among the landowners who have been practicing timber stand improvement are D. D. Smith, L. J. Deak, John W. Willis and Son, Eddie Embury, E. R. Green, J. B. Keeton, O. Edmundson and E. H. White.

The value of this work to Grenada County can best be expressed by quoting a statement which was the consensus of opinion of a large group of farmers, bankers, foresters, lumber and pulp mill representatives at a meeting in Jackson on March 9. "Expansion or even continuation of Mississippi's forest industries at present levels depend largely on initiation of a more active weeding and cultivation program on woodlots owned by farmers and other small owners. This group controls 73 percent of the state's timber land. They must reduce competition and interference of non-merchantable species and culls which overtop valuable pine and hardwood species. Maximum farm income for the future is likewise largely dependent on such forest cultivation."

Grenada County has thousands of acres of potentially productive forest lands which are practically stagnated due to the overstory of low grade and cull hardwoods. To encourage timber stand improvement the government through the ACP will pay one half the cost. If you are interested in improving the value of your woodland, contact J. H. Burnham of the Miss. Forest Commission or Jim Cann of the U. S. Forest Service.

## FESTUS C. MULLEN FOR SHERIFF

Dear Friends and voters of Grenada County,

During the past few weeks I have made a sincere effort to see and talk with each and every voter in this county and to ask you to vote for me as your next Sheriff. I have tried through the past four years, as a Deputy Sheriff, to prove to you that I am worthy of the office I seek, by rendering good service, and with this EXPERIENCE I should merit your consideration. I feel that I am fully QUALIFIED with my record of seven years of public school administration, four years as an assistant with the U. S. Army Post Engineers and four years training veterans. I have an HONEST and clean record with all for whom I have worked and with the State Auditing Department, and assure you that I shall keep this record if elected Sheriff of Grenada County.

Grenada County ranks with the top counties in the State of Mississippi in law enforcement and I promise you, on my word of honor, that if I am elected to this high office as your Sheriff I will be free to exert and shall employ every means to maintain that record which every law abiding and upright citizen should expect of his Sheriff and Tax Collector. I will execute the affairs of this office with vigor and fairness to all.

I am asking you for a fair and just consideration on August 2nd., For this I say THANK YOU.

Sincerely,

**FESTUS C. MULLEN**

## WHAT EACH CANDIDATE FOR GOVERNOR HAS DONE FOR MISSISSIPPI

### FIELDING WRIGHT

#### — AS GOVERNOR —

- Led the fight to strengthen election laws to protect State Sovereignty against Federal invasion.
- Increased appropriations for common schools and free text books 41 per cent.
- Increased appropriations for institutions of higher learning 100 per cent.
- Did more for the junior colleges of our State by way of appropriating money and building needed facilities than any other administration.
- Raised teachers' salaries 66 2/3 per cent.
- Initiated the program of State aid to local school districts for construction of school buildings.
- Helped provide School Lunch Program.
- Guided improvement of State Mental Institutions.
- Helped liberalize Unemployment Compensation laws.
- Pushed financing of Statewide Forestry Fire Protection Program.
- Helped acquire funds to restore Oyster Reefs.
- Pushed exemption of Livestock feeds from sales tax.
- Helped establish full-time Oil and Gas Board to safeguard State's mineral resources.
- Left a Treasury balance of \$27,801,426.52.
- Pushed through an expanded program for recovery and rehabilitation of cerebral palsied children.
- Awarded contracts for building and equipping state aid hospitals providing 2,071 new beds and laid plans for facilities for 1,221 additional beds.
- Awarded contracts for 28 health centers and laid plans for 21 additional centers.
- Conceived, planned for, provided the funds, and began the work on the new State Medical School and Teaching Hospital.

#### — AS SENATOR AND REPRESENTATIVE —

- Voted for Elective Highway Commission.
  - Voted for Unemployment Compensation Law.
  - Voted for creation of REA in Mississippi, exemption of rural power cooperatives from taxes, and all other measures strengthening REA in Mississippi and bringing electric power to our farmers.
  - Voted for additional money for Support and Maintenance of Public Schools.
  - Voted for Highway Safety Patrol and Driver's License Act.
  - Voted to create Balance Agriculture with Industry Program.
  - Helped to begin Farm to Market Road Program.
  - Co-Author of bill broadening Homestead Exemption.
  - Voted to increase tax on persons drilling for or producing gas and oil in Mississippi.
- These are some of the important benefits for all the people of our great State which Fielding Wright proposed, carried out or voted for. But the greatest service Fielding Wright ever rendered every man, woman and child in Mississippi was to stand between them and the efforts of the Northern radicals, pinks and punks to abolish our cherished system of segregation of the races.
- Despite the most vicious type of personal abuse, in 1948 he led the fight for States' Rights—the right of any state to manage its own affairs. He made a great fight, but his opponents in this race for Governor did not raise their voices to help. They either were ignorant of what was going on or else were afraid to join in the fight.
- Because of his courageous stand, Fielding Wright is the only candidate in the race for Governor whom Northern radicals and "Mink-Lovers" say MUST be defeated. The pinks and the punks fear and hate Fielding Wright and are using their stooges in Mississippi in an all-out effort to defeat him because he stands in the way of their plans to wreck our way of life.

#### Morgan and Lindsey Has Minor Blaze

Minor damage to the central front glass window at Morgan Lindsey store on Main Street was reportedly caused by a short circuit last Saturday night. A window display of plastic and rubber dolls and plastic wastebaskets were destroyed as was the large glass windows.

A passing motorist called the Police Dept. about 11:30 p. m. telling of the fire. Some smoke damage was suffered, however water damage was

slight

#### TO THE CITIZENS OF GRENADA COUNTY

I want to take this opportunity to thank you for the privilege of serving you as Tax Assessor for the past four years.

The wonderful vote you gave me four years ago is something that I will always remember and am most grateful for.

I have tried to make you a good Tax Assessor and if you will re-elect me to this office I will strive to make you a still better officer in the future.

It is a time-honored Democratic custom to give a faithful officer an endorsement term and I will appreciate it if you will go to the polls on August 2nd and return me to the Tax Assessor's office.

Your friend,

C. H. "Hemp" Abel

#### TO THE PEOPLE OF GRENADA COUNTY

Since announcing in February as a candidate for Chancery Clerk I have made a sincere effort to see all the voters of Grenada County and ask for your vote and influence in the coming election. I realize the importance of this office and if elected I expect to devote my entire time and efforts to the duties of this office alone, which I know is a full time job. I have the education and experience to qualify me for the duties of this office. I have tried to keep my campaign on a high Christian level and seek this office on my own merits and qualifications.

Your vote and influence will be very greatly appreciated.

Sincerely yours,

W. H. CROWDER. —Adv.

#### ELECT TOM KING SHERIFF

Do you know — with a man for Sheriff that is weak, inexperienced, or one that does not possess the intestinal fortitude to stand up and fight for the things that are clean and good, that in six months after entering office, Grenada could become another Phenix City?

Think of this: Think of the women and children it would affect, then go to the polls and elect Tom King, a man that you know can and will do a good job as Sheriff.

I want to make this crystal clear, as your Sheriff. At no time will I condone or compromise with any outlaw, thug, or gangster type person, whether it is a gambler, bootlegger, or what have you. I wish to make it plain that they will receive a cold reception in Grenada County.

Selective marking of timber to be sold; a wise investment to landowners.

The great advantage of marking your timber is that each tree can be harvested at its highest value. Straight, sound, young, vigorous, full-grown, well-located trees of desirable kinds can be left to produce future timber crops.

Too often Grenada County landowners cut their timber when it is making its most rapid growth. Sometimes this can be justified by high markets or by the owners need for cash. Many a tree made into ties or pulpwood when small would have produced good sawlogs if left to grow a few years longer.

Marking your timber brings in cash returns every few years, keeps the woodland growing at top speed.

Allows larger cuts when market prices are good. The owner may find it a little hard at first to tell just which trees to cut, but with thought, practice and coaching from a local forester, he can learn to do a good job. Over a period of years he will be repaid many times for his work.

Suppose that by checking stumps it seems that a given tree is growing 4 inches in diameter every 10 years. If its first 16-foot log now is an estimated top diameter of 8 inches, it would scale 16 board feet. Doyle rule. Ten years later, having grown 4 inches, it would contain 40 board feet.

nearly 3 times as much. If timber prices remain the same, the log will earn interest at over 7 percent a year.

## TO THE PEOPLE OF GRENADA COUNTY — I THANK YOU

My friends of Grenada County, as the end of this campaign for Circuit Clerk draws near, I would like to thank you for your many kindnesses and words of encouragement during this campaign. During this time I have tried hard to see each of you. If I have failed to see you or leave you a card, please take this as a personal message from me, I WANT YOUR SUPPORT.

I have kept my campaign clean just as I have your Circuit Clerk's Office for the last four years.

In my personal talks with you and through your local newspapers I have tried to let you know how I stand on all of the vital questions connected with the Circuit Clerk's Office.

I would also like to thank my many friends that are working so hard in behalf of my candidacy for Circuit Clerk. Keep it up, my friends, and disregard the political rumors that are going around about Charlie Worsham for they have no foundation.

My friends, I feel that I have worried you enough therefore I will not have any one any where on election day giving out cards.

Please take this as my final message to you,

## Grand Jury Returns 12 True Bills After 2-Day Session; 33 Witnesses Questioned

The grand jury reported late yesterday, returning twelve true bills of indictment. During the two day session, the grand jurors investigated 23 reported violations of law and interrogated 33 witnesses.

The jurors expressed thanks to Judge Rodgers for his sp-

lendid charge and to the district attorney, John E. Aldridge and county officials for their cooperation and assistance.

According to the jury's report, the county jail was found to be in reasonably clean and sanitary condition, but not sufficiently ventilated. The

jurors recommended more ventilation by a fan or otherwise. After the jury's inspection of the jail, it recommended that some mattresses and blankets need cleaning or replacing.

The jury reported the court house was in as good condition as its age permits, and stated that it needed repairs and should have cleaner rest rooms and to accomplish this end that repair and replacements are required.

### Sign Report

C. E. Sprayberry, foreman, E. B. DeLoach and S. L. Clark, clerks, signed the grand jury's report.

Cases disposed of Tuesday included:

American Mutual Liability Insurance vs. Spencer Taylor dba Spencer Taylor and Sons Lumber Company. Dismissed without prejudice. All costs charged to the plaintiff.

Commercial Credit Corp. vs. Robert DeShields continued to next term of court in January 1956.

Gulf Mobile and Ohio R. R. Company vs. Mrs. Fannie R. Simmons dba City Lumber Company. Court found in favor of plaintiff.

Johnnie Williams et al vs. Lewis Bowdry. Court instructed the jury to find in favor of the defendant Bowdry.

# The Grenada County Weekly

Published In Grenada County, By And For Grenada County People, Thus The Name

Volume Nineteen - Grenada, Grenada County, Mississippi - Thursday, July 28, 1955 - Number One

News report in our paper said about 423 people were killed on the highways of this country over the July 4 holiday. Well, that's 423 more pairs of empty shoes stored away in the closets of memory never to be worn again. Recently we had a little story about empty shoes now on display in a town in Ohio to remind automobile drivers to please be careful, but just the sight of empty shoes is not the answer for smart-aleck men and boys who refuse to learn of the things an automobile will NOT do. We believe the dull clank of the door on the old jail house will come to be remedy for unwarranted carelessness and recklessness.

Well we hope the 423 victims of the last holiday had lived a good life of enjoyment and service and we hope they realized what most of us seem to forget, that is, that life is more of a journey than a destiny and how we live it, not how we end it, that counts most.

Something to think about: While listening to a little piece of gossip one day, I fell to wondering. Suppose two people each repeated some gossip to two friends within 15 minutes of the time they heard it. That makes four. Now, suppose within the next 15 minutes each of these four repeated the same gossip to two more persons - and so on. My question is

this - how long would it be before everybody in the world heard that gossip? Here is the answer from "The Answer Man . . ." if each person who heard the gossip had told it to two persons, and in each case, within 15 minutes, it would take only seven hours and 45 minutes for everybody in the world to hear the gossip.

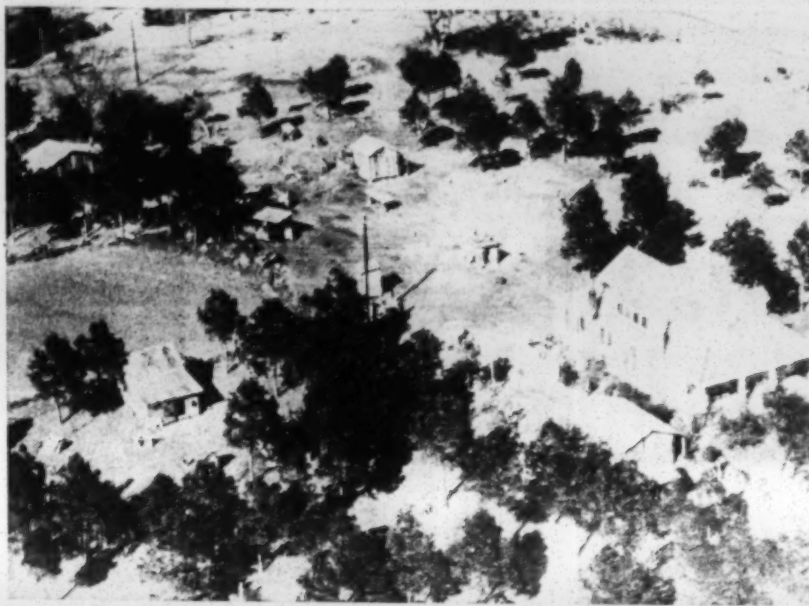

Here is a motto I have in my office: "Thoughts unexpressed may sometimes fall back dead . . . But God Himself can't kill them when they're said." Read Colossians 3:8 . . . put them all away: anger, wrath, malice, railing, shameful speaking out of your mouth."

Where are you going? . . . you could say, that to millions of people this summer and you would get an interesting answer because nearly everyone is making a trip this season. Travel agencies report the greatest rush of business in history. People are taking trips by land, sea and air by the millions. Some say this may be due to the tense international situation. People may feel like if our country should be bombed into smithereens, as some say it could be, they will now take a good look at things for the last time. But I don't believe any great number of Ameri-

cans are the least bit afraid of the consequences of war. In fact no, many Americans are afraid of anything at all - bless them - and the big tourist business is due to the greatest degree of prosperity this land of ours has ever had right now in July 1955. There are more people making more money than at any time in our history, so millions of them just want to take a trip for a look-a-round. Americans spend \$16 billion a year eating out in about 321,000 public eating places, and everyone of these places are doing an increased business.

We have written about poor people, humble people, rich people and snooty but we have never tried a piece about lonely people. We know there are millions of lonely people in our country who are sick or crippled, shut-in from the activities of the world and we cannot imagine anything more pitiful. But did you ever think of the lonely people who work at lonely jobs around the clock all over the face of the world. In Chicago alone there are about 200,000 people who work on night time jobs in literally hundreds of different occupations. Then there are the widows. Some in lonely towers lo-

**Notice As To Heirs At Law  
Of Sam Laurence**

An action was filed in the Warren Circuit Court in Bowling Green, Kentucky, on June 2, 1955, for settlement and distribution of the estate of Mary Walthall Laurence who died intestate while a resident of Warren County, Kentucky, on March 20, 1955, without leaving any lineal descendants. Her mother was Blanche Mullin Laurence (whose kin are shown in the complaint). Her father was Sam Laurence who died in Grenada, Mississippi, on June 6, 1948, leaving as his heirs at law his widow, Blanche Mullin Laurence (later Mal-lory), now deceased, and his daugh-

ter Mary Walthall Laurence now deceased.

Appointed by the Court as Warning Order Attorney for the unknown heirs of Mary Walthall Laurence, who in reality are the unknown heirs of Sam Laurence, who died as afore-said, I desire to ascertain any information to assist me in determining the names and locations of any of his kin now in being, including any descendants of his parents whose names I desire to ascertain or his grandparents whose names I desire to ascertain.

I will appreciate anyone's commu-

nicating with me as to any information he may have concerning any present heirs at law of Sam Laurence

... promoting industry  
for Mississippi

As a vital part of its active program designed to  
promote the industrial progress of the state, Mississippi  
Power & Light Company's Department of Development  
has published over 5,000 pieces of literature.

Included in these publications are special studies on  
the furniture and appliance industry and the food pro-  
cessing industry, a special study on salt domes in the  
state, plus a market survey of chemicals consumed in the  
western half of Mississippi.

Making such literature available is just one phase of  
the extensive program being carried out by this depart-  
ment as it works with state, county and local citizens and  
groups in the important task of "Helping Build Missis-

It has been wisely said that the person who practices self-medication has a God for a patient. The complexities of the human body and its physiology are so intricate that it is obvious that those who attempt to medicate themselves are courting disaster.

Your family physician, with his years of education and experience, is the only one to whom you should turn in times of illness. He is as skilled in his profession as we are in our profession of pharmacy.

## Grenada Greens, Inc. Produces Grass Sensation

The grass is the star of the show in the new Grenada Greens, Inc. has gone into production here with the grass sensation of the decade called Meyer Z-32 zoyia, a hybrid selection termed the best development so far for the homeowner who wants a green lawn during hot weather and who does not wish a lawn mower because he loves it.

Discovered growing on a bleak hillside in Korea some twenty years ago by a U. S. Department of Agriculture plant explorer, Meyer Z-32 zoyia has been tested under close personal supervision of Dr. Fred Grau, turfgrass authority. Dr. Grau now describes this grass as the only one of the new hybrid turfgrasses in wide distribution that has not been superseded by improved strains.

Founded by John H. Kraft, below.

the man who more than any other raised the level of dairy farming in the pine-hill South, and Warren E. Sucoe, (below) a young agronomist.

Grenada Greens has launched a program to put potstick and sod plugs of the new grasses within the reach of the middle-income homeowner who wants a permanent lawn that stays bright green during the hottest weather and needs relatively little mowing. Additionally, Meyer Z-32 zoyia crowds out weeds and grasses and forms a tight and nearly scuffle-

proof mat of tough underground runners.

A beautiful dark green in color, the grass remains dense and resilient the year round — retaining its rich color until frosts. It can be overseeded with cool season grasses that keep the lawn vibrantly green during winter months.

Grenada Greens is "planting" other crops including the ancient oil seed, sesame, but grass is the main effort. Although sesame — as a commercial crop is new in the Western Hemisphere — farmers were growing it in the Valley of the Nile, in China and in India about 1,000 years B. C. Texas farmers who grew the crop this year, under the guidance of the Texas Research Foundation, see in it a crop which may open the door to new markets and bigger incomes.

"We are going to keep up as best we can with new developments in breeding and selection of hybrid lawn grasses," says Warren Sucoe. "At the present time, although there are a number of promising grasses that are adapted to the home lawn, Meyer Z-32 zoyia offers the greatest possibilities."

An 18-month study preceded Grenada Greens' grass project. Other hybrids are being sprigged in on gas fumigated ground, - Tiffine, TiffLawn and U-3 bermuda.

**Nat'l. Farm Safety Week July 24-30**  
This week has been designated as National Farm Safety Week in Mississippi. Here are some of the things you can do to make your farm and home safer places to live and work:

**FARM MACHINERY:** - Stop a machine before cleaning, adjusting or oiling any mechanism. Never do such jobs while the machine is in motion.

Do not put gasoline in the tank

while the engine of a tractor or other machine is running.  
Do not unclog knives of any machine with your hand. Use a stick, but first stop the machine and throw it out of gear.  
Keep in place all guards to shield exposed parts.

Do not get off on a harrow or disk while it is in motion.

Never step in front of a mule or horse drawn machine, like a mower, no matter how gentle the animal may be.

Do not let children play around

lights, and the weather proof portable lamps, which spike into the ground to light the path and steps, we are now able to have an illumination not only for safety, but for a beautiful, lovely setting for nighttime entertaining. In addition to that, the Bug-a-way bulbs, add much to the comfort of out-door entertaining. The low wattage bulb is ideal for use near the barbecue pit or dining area. They are a favorite too, for patios and gardens. The larger watt size is best used in lamps designed for out-door lighting thus when we move outdoors we have the same good light

for reading, games, and cards that we enjoy indoors.

Millions of years ago God said, "Let there be light, and there was light", and life began on earth.

Seventy-five years ago Thomas Edison said, "Let there be a different light—an artificial light within a globe", and a new happier, safer era began in the civilized world.

Then a few short years ago some one with a dream said "Let there be light around and in every hamlet, village and rural home in the South."

Now we have safe lighting with out glare outdoors as well as indoors, by getting the lights high and shield-

ed from eye level. Thus, neighbors are more friendly, families are closer, and our young people are safer and happier because of this "dream come true."

Statement To The Voters of Grenada County, From **LADRON VAUGHN** Candidate For Sheriff.

I would like to begin by telling you about my training in Law Enforcement and the Experience that I have had in that field, as an officer.

As most of you know, I began working on the Police Force of the City of Grenada, Mississippi, on the 12th day of December, 1946, and continued my duties through October 1953, which was approximately 7 years active duty as a local law enforcement officer. During that time, I served under 4 Chiefs of Police. Most of the people of Grenada County know that I tried to, and made a good officer, and that I enforced the law fairly and impartially to all persons concerned.

I do not promise to DRY UP Grenada County if elected Sheriff but I do promise that if I am elected Sheriff, that I will make a big improvement. Also as to segregation matters, I feel that due to my many years experience in law enforcement that I am qualified and capable of handling any situation that might need my services during the entire 4 years of my term and I will be ready and willing to serve the people of Grenada County, at any time, day or night and will strive to make this county a place where everyone will be proud to live. I now ask you to go to the polls on August 2nd, and cast your vote for **Ladron Vaughn** for Sheriff of Grenada County and I promise each and every one of you who does so, that they will never regret naming me Sheriff of Grenada County.

Sincerely, **LADRON VAUGHN** -Adv.

## A Message On Segregation to the

# MOTHERS OF MISSISSIPPI

—Do you want to be sure that your boys and girls can continue to attend segregated schools, swimming pools, picture shows and other public places—as they now do?

—NAACP action to force open schools to negroes has already started in Vicksburg, Clarksdale, Natchez, and Jackson are next on the list.

Efforts to enforce the U. S. Supreme Court order to end segregation in our schools are right on us—here and now.

The "National Association for the Advancement of Colored People" (NAACP) is organized in Mississippi, has plenty of money, and means business. A petition by negroes to end segregation was made last week on the school board in Vicksburg, and they say that Clarksdale, Natchez, and Jackson are next on their list.

The head of the NAACP in Mississippi, in a report carried by state newspapers said "we plan to file similar petitions in all sections of the state, in city and county, until Mississippi is saturated with petitions."

The NAACP head called **Fielding Wright** the leading "foe of integration".

The NAACP is trying to use the school door as a way to destroy all of our segregation laws. The NAACP not only wants integrated schools but would use our schools as the opening wedge to completely intermingle the races. **Fielding Wright** saw this danger early, and in 1948 he took the lead in the fight for States' Rights—the right of any state to manage its own internal affairs. He made a great fight in 1948, but with few exceptions, Southern politicians were afraid to join with him.

His opponents in this race for Governor did not raise their voices to help. They either were ignorant of what was going on or else were afraid to join in the fight.

Because of his long-term stand, **Fielding Wright** is the only candidate in the race for Governor who stands for segregation. He is the only one who will protect our schools and our way of life from the NAACP.

**TODAY—Fielding Wright** is the only candidate with a practical plan to keep our segregated schools and protect our school boards and trustees from contempt of federal court actions.

**Fielding Wright** will ask the Legislature to pass a law which will maintain the segregation laws and protect our schools and our way of life from the NAACP.

At this time under this specific order, **Fielding Wright**, as Governor, will stand between all School Trustees and School Boards and efforts by Federal Courts to punish them for obeying the Legislature. If anyone is to be held in contempt of Federal Court it will be **Fielding Wright**.

The Supreme Court will have to remove

Mississippi's Governor from office and abolish the power of the Mississippi Legislature in order to enforce its order on segregation. They'll never be able to do it!

Mississippi has plenty of lawyers, judges and courts. What it needs, in addition, is a courageous, experienced man in the executive branch of government to deal with the problem. **Fielding Wright** has demonstrated that he has the courage and the experience—more experience in government than all of his opponents put together!
